

Smilehouse Workspace is a packaged e-commerce software for both business-to-consumer and business-to-business solutions.

Workspace has a ready-made integration to Exact Globe 2003. This enables building advanced and integrated e-commerce solutions quickly and easily.

Integrated e-commerce for Exact Globe 2003

About Exact and Workspace

- Exact Globe is an integrated back-office system for your entire company. Exact Software products are available in 39 languages and used in 126 countries. More info: www.exactsoftware.com
- Workspace is a packaged e-commerce software for creating integrated web shops and online stores. More info: workspace.smilehouse.com

Integrated e-commerce

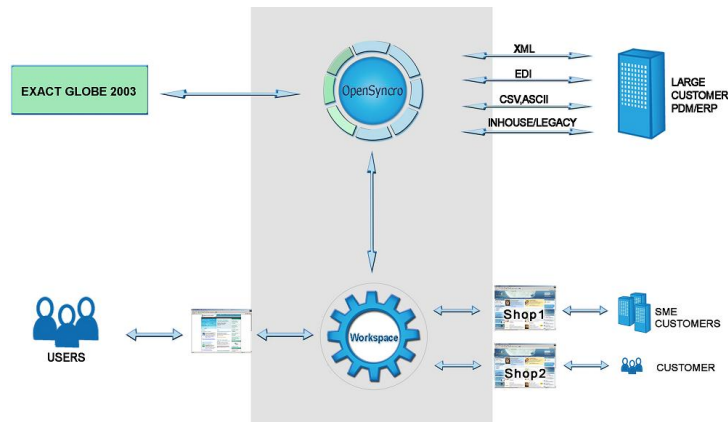

- Modern e-commerce systems are more and more frequently integrated to other IT systems.
- These systems include both merchants back-end systems (e.g. ERP, financial, warehouse) and buyers systems (PD, purchase orders)
- The goal is to enable more efficient e-commerce processes, scalability, partner integration and future growth.
- When choosing e-commerce add-on for Exact Globe 2003, Smilehouse Workspace is the right choice.

Benefits for Exact Customers

- Workspace is a packaged e-commerce software:
 - Fast and easy implementation
 - Features for b-to-b and b-to-c
 - Tested data security
 - Technical support by Smilehouse
 - Continuous development by Smilehouse
- Ready-made integration to Exact enables:
 - Tested integration process
 - Low implementation and integration costs

Example Business Case

- Workspace is used to build a web shop serving both resellers and consumers.
- Product data can be automatically moved from Exact to Workspace. Order data can be automatically moved from Workspace to Exact.
- The integration also enables sending product data in XML/CSV format to selected business customers.

Technology behind integration

- Smilehouse Workspace and Exact Globe 2003 are integrated using Smilehouse OpenSyncro, an integration toolkit.
- OpenSyncro has a ready-made Connector Pack that enables building batch transfer integrations to the Exact Globe 2003 system.
- Using the Connector Pack, setting up OpenSyncro data transfer pipes between Smilehouse Workspace and Exact can be done quickly and easily.
- Both Workspace and OpenSyncro can be installed on the same server.
